

Stretton Pre-School

Introduction

The Early Years Foundation Stage (EYFS) requires providers to have a written policies and procedures; as a pre-school we ensure that all our policies and procedures are provided for parents - via the pre-school website, available at site and on request. Also, specific policies are included in the pre-school New Parent Pack. All practitioners are fully inducted into the setting and this includes full training on the policies and procedures to ensure that all practitioners know, understand and can implement the policies and procedures. The pre-school believes that policies and procedures are key to supporting the EYFS and Statutory Framework - which is essential for providing good quality provision.

The EYFS outlines the assessments, learning and development, safeguarding and welfare requirements. Stretton Pre-School ensures that all requirements are met and that all children are able to learn, develop and be healthy, happy and safe.
